

Starting your own Business in Indiana!

If you've ever considered starting a business, this workshop is for you! Learn about topics such as creating an effective business plan, selecting the proper business structure, the difference between the available accounting methodologies how to register with both the state of Indiana and the Federal Government and much more regarding starting your first commercial venture. You'll learn all of the things you need to think about and prepare for before opening your business including using employees and contractors, effective networking with other businesses, and building an effective website. All presented in a manner that makes even the difficult concepts such as business taxes, insurance, and state permit requirements easier to understand. More than a dozen additional topics are covered as well.
